

21 May 1965

NOTE TO MEMBERS OF CODIB TASK TEAM VI

Attached are copies of two papers which I have unearthed from SCIPS material which might be of interest to you. In addition, I am sending the contributions received by me to date. This consists of four items submitted by Mr. Taupeka, of the Army. I have received no other material from the remaining Team members.

This will also serve as an announcement of a meeting called by the Chairman for 1430 hours, Wednesday, 2 June 1965 at CIA Headquarters. It would be appreciated if you would bring any additional material that you have developed since the last meeting.
